Stated the Firm Could Employ Nonunion Men if It Chose and He Would Fine Any Union Man Who Objected.

New York, Oct. 28.-The first witness alled in the present trial of Samuel Parks n the charge of extortion was Benjamin Thackara, who, it is alleged, was sent by the Tiffany Corporation to see Parks to ascertain why the men employed by it opped working in some buildings in this ity last December. Thackara told of his neeting with Parks, who said, according to the witness, "Tiffany is fined \$500, and if you're not prepared to settle, send Tiffang to gee me."

David Frazee, general superintendent,

employed by the Tiffany Studios, told of his interview with Parks in a saloon January 5, when Parks again said that Tiffany was fined \$500. Later in the same day Frazee, accompanied by Louis Schmidt, NOT ONE HAS EVER BROKEN DOWN | Breasurer of the Tiffany Corporation, visited Parks in his own home. Schmidt asked Parks, the witness said, why the "inc" of \$500 was imposed, and Parks re-

"Does this money go to the labor union?" asked Schmidt.

"It goes to Sam Parks and a few others," was the reply made by the accused, according to the witness.

Schmidt testified that Parks refused to accept a check when he suggested that method of paying the "fine," saying:

"You don't think that I was born yesterday. I want bills, and you can get them marked by Tiffany or Jerome or any one you like."

A stir went around the courtroom when witness told of Parks saying that he could employ nonunion men

"Never mind." Parks replied, Tve got those — muzzied, and if any one of them objects I will fine him \$50 and he can't get another job in the city." Schmidt then testified that he had gone alone to Parks's residence on January 7, two days later, and handed Parks an envelope containing the \$500 in bills and gold. Both men had verified the amount. Parks then said the men would resume work the following morning, which they did. Under cross-examination Schmidt said that Parks told him that the Tiffany Studios could employ nonunion or union labor as they deemed fit. Parks had told the witness that the Hecla Iron Works had paid him \$2.00, but not that he had distributed this amount among the members of his organization.

RICHARD A. McCURDY, President

After an examination, asked for by the Company, which occupied the entire examining force of the Department from January 2 to September 21, 1903, every dollar of the hundreds of millions handled by the Company from January 1, 1898, to January 1, 1903, was checked and found accounted for in strict accordance with the Laws of the State. In his official sanction of the findings of the examiners, the Superintendent of Insurance says:

"I think it fitting to note the unusual extent and thoroughness of this examination and the evidence which it bears to the conscientious and careful management of this large institution."

THIEF EXAMINER ISAAC VANDERPOEL, of the New York Insurance Department, in his report, says in part: " This examination just concluded, has occupied the entire time of the examining force of the Insurance Department since January 2 last, and during this period of

nearly nine months every detail of the Company's transactions has been subjected to the closest scrutiny. Every facility was afforded by the Company's officers and the heads of its several departments, to thoroughly accomplish the work, which has been materially expedited by the admirable methods in vogue at the Home Office in the handling of accounts and keeping of books of initial or final entry."
